

November 2007

The Redskins playing defense with 10 men, for the first play, in honor of Sean Taylor, was one of the coolest thing I've seen in a long time. Rest in peace Sean.

I was just looking thru an old Soap Box and I called that Philip Seymour Hoffman Oscar. The next guy I think that has one in his future: Topher Grace. Yes, That 70's Show, Topher Grace. Okay, laugh now, but we'll see ...

You know you've been thru it when Danny Bonaduce is one of your 'role-models'.

Great story I heard the other day on the radio ... there was a big event in Vegas and Tom Brady and O.J. Simpson both happened to be there. O.J. asked someone to introduce him to Brady. The guy approached Brady and asked if it was okay if O.J. came over to say hello. Brady's answer: "No."

I saw a sign at the New York Giants game the other day that read: 'Eli Was Adopted.'

Saw a commercial the other day for 'Restless Leg Syndrome' and they were listing the side-effects and one of them was an increased urge to gamble. What the fuck? Increased urge to gamble ... hey honey, I emptied out the 401K, but my legs are nice and relaxed.

I saw this licence plate the other day: WTUSMKN

Matt Stairs still plays Major League Baseball?

Speaking of the MLB ... this Rick Ankiel story is almost too amazing.

Ever notice the gas 'mind fuck' ... a few months back it was at \$3 a gallon, so they 'reduce' it to 2.87 a gallon and you think you're getting a great deal. Now you see gas for \$3.09 and you think, 'Wow, what a bargain!' What?! It wasn't so long a go that gas was \$1.20 per gallon. It's amazing as a society what we get used to. But let's be honest, they could make gas \$10 a gallon and we would buy it.

I used to always put my 'donor' sticker on the back of my driver's licence. You know, just in case you're just hanging on ... I think that maybe they won't be as eager to save you if the EMT's Aunt needs a new kidney or something. Of course ... they can have my liver ... whoever got it would be high for a month.

I don't like to read because it ruins all the movies for me.

Pam Anderson marries that guy from the 'One Night In Paris' ... maybe if I had a sex tape leak out ... I'd have a chance with Pam. Although, you know, she has really started to turn the corner for me ... she's almost at the point where she is becoming a 'cartoon' character of herself. That said ... well, you know.
