

August 2009

A moment of silence for the film voice of my generation ... John Hughes.

From 1983 - 1989 John Hughes hand a hand as a writer or director on Mr. Mom, Vacation, Sixteen Candles, The Breakfast Club, Weird Science, Pretty in Pink, Ferris Beuller's Day Off, Some Kind of Wonderful, Planes, Trains & Automobiles, She's Having a Baby, The Great Outdoors, Uncle Buck and Christmas Vacation.

Think about that.

Think of the scenes, the quotes, the songs ... he basically raised anyone that was a teenager in the 80's.

Here is a story about getting old, relating to John Hughes ... about 10 years ago, a lady I work with's daughter was in her high school play.

I saw her when she came by the office and I asked her what play they where doing?

She said 'Its called The Breakfast Club, it's a played based on an old John Hughes movie.'

I just kind of laughed and said, yeah, I'm familiar with it ... I took my high school girlfriend to see it ... IN 1985!

Based on an old John Hughes film fuck my whole life is based on an old John Hughes film.

I have given my friend Mark the permission to kick my right in the throat if A) I am ever walking around (out of car) talking on a cell phone head set B) If I ever purchase and use a 'Snuggie' (actually, you all have permission on that one) and C) if I ever sign up / use Twitter

What the fuck is this nonsense?

<Tweet> I am sitting at my keyboard writing SINacle ;-)

<Tweet> just wrote about John Hughes :-(-

<Tweet> I like kittens

<Tweet> I am tired

<Tweet> I watched TV today

<Tweet> I had a bowl of Captain Crunch mmmmm

<Tweet> Tomorrow is Monday ... sad :-(-

<Tweet> Does anyone really give a shit what I am doing or feeling every fucking second of the day?

<Tweet> I just took a piss

<Tweet> I am a fucking douche bag

MySpace, Facebook, Fucknut, Twitter ... god damn ...

They were going to go with Narcissism.com, but they didn't think it would catch on.

Yesterday I actually heard people talking about how many 'Facebook Friends' they had, geeezus fuck

... how many real life friends do you have?

The world we live in ... people and they're electronic friends.

And I HAVE a Facebook page ... to promote the column ... I spend about 0 minutes on there and don't even use my real name ... I use my pen name.

They now have 12 Step Programs now for people who are addicted to Social Networking. Seriously.

I was actually with a guy who saw a girl he knew and instead of saying 'goodbye' when he was done talking to her ... he said 'comment me'.

Comment Me???????

He even said to me, that right now his whole social life is online. What?!

There aren't even pictures of me on my Facebook ...

People don't understand that the first thing potential employers will do it Google your name ... try to find your MySpace or Facebook pages to see who you REALLY are.

I know a guy who applied for a job with the State and when he went into his interview they had all of his MySpace pictures on their desk ... you know the pics ... him partying, beer bonging, just being a dipshit with his buddies ... which we all do, but hey, seemed like a good idea to post them on the Internet.

He didn't get the job.

<Tweet> getting worked up, on a roll now ...

I have another buddy who broke up with his girlfriend and then had to see all the pictures of his ex-girlfriend and her new boyfriend. The two of them at the beach, at the park, snuggling on the couch, kissing, hanging out with 'their' old friends ... her posts about how happy she is and how great her new guy and their relationship is.

Fucking torture man ...

She might as well have posted ... 'It's so nice having sex with a guy with a BIG dick for a change'

That's awesome ... an online, illustrated account of your ex's newfound happiness.

I also heard about a lady who was killed using Twitter.

True story ... she was on her laptop, 'Tweeting' in the bathtub ... her battery got low and so she decided to plug it in. Hmmm ...

<Tweet> Doris, are you there? Doris?

I actually tried to buy the domain MyOFB.com (MindYourOwnFuckingBusiness.com), but it was taken ...

It was going to be my own Social Networking site ... everyone's page would be blank. No pictures, no Tweets, no instant messages, no instant anything!

<Tweet> I could rail on this for days but you get the picture ...

NOW BE SURE TO ADD ME TO YOUR FACEBOOK FRIENDS!!!!

(and yes I know someone who writes his opinions online and uses that forum to rail on Social Networking, can be perceived as hypocritical ... yeah, well fuck off ... wait, sorry, <Tweet> FU)

Now some quick ones ...

I met a friend at In-N-Out Burger, at like 3 PM on a Tuesday ... and the line was still about 20 cars deep. You would think they were giving away beer and blow jobs at these places ... they're

hamburgers kids, just hamburgers.

I heard on the radio, the worlds oldest human, a 113 year old Japanese man passed away ... 'died peacefully' is what they said ... 'died peacefully?' ... how else would he go? I mean, what are the chances of a 113 year old man dying a horrible violent death?

Thinking about getting married? Thinking about asking that special girl for her hand?

Watch Bridezillas. Just for like 5 minutes.

You know you're bored when the Biography of ABBA comes on TV and you DON'T turn the channel.

You know you're getting old, when you are really excited because it's 'Shark Week'

I am starting to sound like Jeff Foxworthy ... You Know You're a Redneck ...

How far has 'political correctness' gone? ... I was watching Charm School with Ricki Lake (no that's not the bit) ... and one of the girls said the word 'retarded' and they bleeped it out.

Okay, so 'retarded' is a bad word now? I think 'blind' is off limits now as well, because you always hear people referred to as 'non-sighted'

Can I find a list somewhere that shows me what I can and can not say now? And who sits around and comes up with these cans and can not's?

At this rate, pretty soon we just aren't going to be able to talk to each other.

<Tweet> But we can still Tweet! :-)

You know you misspell a word really bad when 'spell check' knows it's wrong but can't even come up with a suggestion word.

My kids were watching Breakin' Two, Electric Boogaloo (no that's not the bit) and there is Ice T, yes, Mr. Cop Killer himself all decked out in early 80's B-Boy glory ... classic. I love when you see these guys, these 'hard' guys all sequenced out back in the day.

Check out old pics of Dr.Dre and you'll wonder how he ever got into NWA.

And another thing I noticed in Electric Boogaloo ... how come in those movies there is always that one token white boy who is part of the 'dance team' but totally sucks?

What ever happened to LaVar Arrington?

Kim Kardashian's sisters got their own spin off show. Damn, I was really hoping Kim's Ass might get it's own series. But it's good to know that people who are famous for nothing, can get their own TV show, and also people who are famous for nothing's siblings can also get their own show.

<Tweet> Society is Crumbling!

Dear Mr. Vernon,

We accept the fact that we had to sacrifice a whole Saturday in detention for whatever it is that we did wrong. But we think you're crazy to make us write an essay telling you who we think we are. You see us as you want to see us: in the simplest terms and in the most convenient definitions.... But what we found out is that each one of us is a brain. And an athlete. And a basket case. A princess. And a criminal. Does that answer your question?

Sincerely yours,

The Breakfast Club.
